

RECONSTRUCTION IN THE MAKING

(PART 3)

SEPTEMBER 15, 2025

2 CHRONICLES 7:14 NKJV – (14) If My people who are called by My name will humble themselves, and **pray and seek My face**, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land.

As we continue this verse from last week, we learn that humility is a key aspect of approaching God. It involves recognizing our need for Him, acknowledging our shortcomings, and submitting to His will.

Prayer is the means by which we communicate with God, pouring out our hearts, seeking His guidance, and expressing our dependence on Him.

Seeking God's face implies desiring a deeper intimacy with Him. It means earnestly longing to know Him more, to understand His character, and to align our lives with His purposes.

Remember, the Apostle James said in **James 4:8**, draw near to God and He will draw near to you. This is not only a necessity but a requirement. Pour out your heart, surrender and apply yourself to His teaching!
