FACTS ABOUT HEALING

NOVEMBER 2, 2026

ISAIAH 53:5 NKJV - (5) Create in me a clean heart, O God; and renew a right spirit within me.

What if I told you that real, immediate, undeniable healing is available to you right now? That no matter what sickness you face, no matter how long you've suffered, the power of God can restore you in an instant. This is not a theory or a story. It is truth backed by scripture and testimonies. When Jesus healed, it wasn't delayed. The blind saw, the lame walked, the bleeding stopped immediately. And the same power that healed then is still healing today. So why do so many still suffer? It's not because God has changed, but because we've stopped expecting the miraculous. We've accepted delay as normal.

When God is still a God of sudden miracles, the Bible says in **Isaiah 53**, five, by his stripes, we are healed. Not might be, not someday, we are. Healing is not a future hope, it is a present reality through Jesus Christ.
When he said it is finished, he paid not just for sin but for sickness too. So how do you receive this healing? Believe it's already done. Healing was accomplished at the cross. Your job is not to earn it, it's to receive it. Pray with authority.

Jesus didn't beg for healing, he declared it. He said be healed, and people were. You have that same authority in his name. Speak to sickness, and it must obey. Activate your faith. Faith doesn't wait for symptoms to change, it acts. The lepers were healed as they went. Don't wait to feel better. Believe it now. Speak life, not doubt. Death and life are in the power of your tongue.

Speak God's word over your body. Declare, By his stripes I am healed. Reject fear and guilt. Healing is not about being good enough. Jesus healed out of love, whether it was the righteous or the broken. If he forgives you, he will also heal you. Don't let guilt block your miracle. You don't need a perfect setting. You don't need a pastor to lay hands on you. All you need is faith and the boldness to say, In the name of Jesus, I am healed. The healing that once took place in the streets of Jerusalem is happening again today, right here, right now.
